

Sen. Mitch McConnell (R-KY) - Defense & Private Prison Holdings

Senate Minority Leader McConnell (longtime Appropriations and Judiciary influence). Disclosures show family holdings and trades in defense contractors (L3Harris, Lockheed) with indirect exposure to private prison operators via funds. McConnell has historically supported expanded ICE funding and border contracts. Strong overlap between leadership role and investments. Source: Senate Ethics filings and NBER 'Captain Gains' analysis (2020-2025).
